

Elderly Care Initiative

April 2021

The initiative is under patronage of:

Prof. Mahmoud Zaki, University President

Prof. Emad Etman, University Vice President for Community Service and Environmental Development

Prof. Alaa Mohammed Halwish, Dean of Faculty of Physical Education

Prof. Hala Mohammed Omar, Vice Dean of Faculty of Physical Education for Community Service and Environmental Development

In cooperation with El-Saada Retirement Home, Elderly Care Initiative was launched under supervision of some academic staff members from Faculty of Physical Education.

Goal of the Initiative:

Faculty of Physical Education cares about social categories that need special care such as elderly people.

Targeted Beneficiaries of the Initiative:

Male and female elderly persons at El-Saada Retirement Home

Summary of the Initiative:

The initiative is going to continue for three months with participation of academic staff and some postgraduate students from Faculty of Physical Education to help the elderly to overcome the difficulties they face, to solve their problems (whether psychological, physical or health), and to train them in using their free time in fun activities.
