

**Convoy No. 80 in Kafr El-Jazira Village in Zefta District on Thursday,  
June 24, 2021**

Under patronage Prof. Mahmoud Zaki, Tanta University President, and Prof. Emad Etman, University Vice President for Community Service and Environmental Development, the Sector of Community Service and Environmental Development at Tanta University organized a comprehensive medical and environmental convoy in Kafr El-Jazira village in Zefta district on Thursday, June 24, 2021 under the umbrella of the presidential initiative *Decent Life* that aims to make sustainable development in Egyptian rural areas to help the neediest citizens. The convoy was organized in cooperation with executive bodies in Gharbia governorate namely Education Directorate and Health Directorate.

The convoy was organized with participation of faculties of Medicine and Pharmacy. Medicaments were offered for free in various medical specialties in attendance of academic staff and doctors who took part in the convoy. 1565 patients were examined as the convoy aimed to provide a great number of citizens with health care services to carry out the role of the university in health, social, environmental and intellectual development and to benefit from its efficient specialized cadres in presenting quality medical care to the needy and in remote places.

## The Medical Convoy

The convoy was inaugurated by Prof. Mahmoud Zaki, Tanta University President, and Prof. Emad Etman, University Vice President for Community Service and Environmental Development, in attendance of Prof. Ahmed Ghoneim, Dean of Faculty of Medicine; Prof. Hatem Al-Sayed Amin, Dean of Faculty of Dentistry; Prof. Sahar Hazzaa, Vice Dean of Faculty of Medicine for Community Service and Environmental Development; Prof. Sahar Al-Haggar, Vice Dean of Faculty of Pharmacy for Community Service and Environmental Development; Prof. Mohammed Maamoon Al-Sheikh, Vice Dean of Faculty of Dentistry for Community Service and Environmental Development; Mr. Mohammed Abdel Aziz Ghazy, General Manager of Environmental Projects, and Mr. Maher Hosny Saad, General Manager of Community Service, as well as doctors who participated in the convoy and examined 1565 patients.
